

24 October 2025

Dear Valued Customer,

Due to improving demand, increased order placement and extending lead times, NLMK USA is increasing base prices by a minimum of \$50 per ton on Hot Rolled and Cold Rolled products. In order to restore the true value in value added products, NLMK USA is increasing base prices on coated products by a minimum of \$100 per ton.

This price increase is effective immediately for all new spot orders. Orders received and not yet confirmed are subject to this increase. Please contact your regional sales manager if you have any questions.

Thank you for your business and continued support.

Sincerely,

Ron Beck
